

## Rainbows Ireland Participant Application Form for Bereavement and Loss

\*Effective from September 2019

### Important Information for Parents to consider before completing the application form

The Rainbows service is an inclusive service open to children and young people experiencing grief and loss resulting from bereavement/parental separation/parental relationship breakdown /divorce.

- Rainbows provides peer group support for children experiencing grief and loss as a result of bereavement and parental separation. Rainbows is a listening service only. Rainbows is not a counseling service. Attending the programme provides children with an opportunity to meet other children of a similar age and loss experience. No notes/diagnosis/analysis/advice is undertaken. It is not an individual one to one programme.
- It is Rainbows policy following bereavement that a minimum of three months after the bereavement is needed before attending the programme.
- The Rainbows Programme is not a preparation for a loss that is anticipated.
- Rainbows Ireland makes every effort to support parents enrolling their child in the Rainbows programme to make an informed decision on the suitability of the service for their child/children.
- Parents/guardians are strongly advised that the group support of the Rainbows programme may not be suitable for all children at all times.
- The service is not and cannot be considered as a first response for any bereavement/loss and in particular for more traumatic loss experience e.g. murder, violent crime, car/farm accident and suicide.

Some parents make an informed decision that the peer group support being offered as part of the Rainbows Service, will not suit their child/children at a particular time. Group support does not suit all children at all times. Sometimes this only becomes apparent following the commencement of the programme. Rainbows reserves the right to make a decision when these circumstances apply.

- Parents may be contacted during or after the programme if the programme may not be meeting the needs of a child at a particular time.
- Or following completion of the programme, parents/guardians may be advised to contact their GP for further advice.

Statement	Please tick
I request for my child to have a place on the Rainbows programme.	
I understand the programme is to facilitate peer group support of bereavement and loss, i.e. that Rainbows is <u>not</u> professional counselling.	
I understand that the programme is post bereavement and that it is suitable <u>only</u> when the loss has been experienced in the life of a child for a minimum of three months.	
I have discussed with my child the purpose of attending the Rainbows programme.	
My son/daughter has agreed to participate in the programme.	
I understand that a wide variety of loss experiences in relation to bereavement may be shared in a group and that Rainbows cannot control/limit or restrict, in any way, what is shared by participants in the group.	
I understand if my child's bereavement is as a result of suicide, that professional supports needs to have been undertaken before attending Rainbows group support.	
I understand that specific feedback is not given on my child's participation in the Rainbows programme.	
I understand that any Rainbows materials used by my child are part of the programme and are not available to a child to be brought outside the group on programme conclusion.	
I understand that Rainbows Ireland has made every effort to inform me, as a parent/guardian, of the scope and limits of the service and thus cannot be deemed responsible for needs that cannot be met by attending the programme.	

**Final Declaration: Please read, tick and confirm that you agree with the following:**

The information I have written on this form is true and accurate to the best of my knowledge, information and belief.	
I understand that this form is not a guarantee of a place on the programme for my child and that the peer group support depends on sufficient numbers (minimum 4) of a similar age being available to form the groups.
