

Dear parents,

We are sending home some activities that your child may complete over the course of the school closure. We would recommend that your child spend some time each day reading, writing and completing some maths work in their copies.

English

We have stuck in some comprehension work and pictures for your child to write about – this is not a spelling activity. Please look at previous work if there is any confusion.

We would also ask that your child reads stories and revises their tricky words.

Maths

All sheets in your child's copy are for revision purposes. We have included a number line in their folder to aid their adding. If your child is struggling on any page skip it and continue with the next one.

Extra pages

We have also included extra worksheets with activities ranging from phonics to colouring that your child may also complete.

Should you want any extra work for your child please find websites that you can access for stories, written activities and more:
