- Select a Curriculum Area.
- Select an activity that interests you.
- Use the same activity in different locations and compare results.
- Select different activities from the same Curriculum area when exploring different Project topics,(Birds, Plants)
- Liaise and communicate with a friend to co-operate on a single topic e.g.man made structures.
- Liaise and communicate with a friend/relative living in another part of Ireland/Europe/An Saol Mór. Agree on a topic and compare/contrast results from both environments.
- Share completed Topic areas using IT tools.
- Design, construct models using recycled items, paper, tins, timber and bricks. Record the materials and method. Challenge someone else to copy.
- Compare/contrast recycling opportunities in other parts of Ireland/Europe/An Saol Mór.
